

In May 2013 a lovely lady named Louise walked in to our office in the hope that she may be able to help out with any property editorial/write ups for future properties. We were writing our own ads at the time but decided to see if perhaps someone else could do a better job.

It is now over 2 years since that day and I can honestly say that I don't know what we would do without this wonderful woman's creative help – our advertising has never read better.

Louise attends every property listed for sale by our office and works her magic on even the most difficult and testing properties. She has a great eye for detail and will happily chat with the owners about the features of their property.

Both the vendors and ourselves have been extremely pleased with everything that Louise has presented to us and we have found her to be very easy to deal with. We sincerely hope that Louise continues to work with our company and we would be more than happy to verbally confirm everything in this testimonial.

In short, Louise is a professional lady who is not only a very talented writer but also a genuinely friendly and lovely woman who cares about her work.

Thankyou Louise !!
